Ref: Delphi Corp Case # 05-44481 filed October 5, 2005
Document # 14705 to cancel OPEB (health insurance benefits) for all retirees

Dear Judge Drain:

This letter is to express my concerns with Document #14705 filed by Delphi Corporation on February 4, 2009 asking the court to cancel health insurance benefits (OPEB) for over 15,000 people who are retirees of Delphi Corporation.

I for one cannot believe that Delphi can continue to employ essentially the same number of higher-level executives when the company has reduced the North American footprint to a small percentage of what it was 5 years ago and instead seek to reduce it's costs by cutting the health care of salaried retirees. (Including recent retirees that were coerced into retirement several weeks ago).

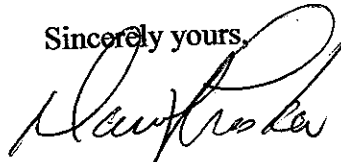

A reduction of executive staff should be the next step in cost cutting. This should be done with out golden parachutes. The severance should be within the current guidelines for salaried employees of a maximum of 6 months base pay. These are difficult times and the burden should not solely be placed upon the "regular" salaried employee exclusively. They have carried too much of the burden already. Please see the attached "Estimated self pay rates" distributed by Delphi to retirees. At this cost it would take 2/3 of my pension to supply coverage to my family.

Please note that this letter is an **OBJECTION** to the document #14705.

I ask you to REJECT this motion.

There are other means to reduce costs.

Sincerely yours,

Daniel P. Liska
